OneOcean enhances the yachting experience and complements the journey into ownership or charter. Owning a yacht or choosing the perfect charter is the ultimate purchase, and OneOcean understands these experiences should reflect only the highest level of quality. The superyacht industry is made up of the world's single most valuable private assets, owned by the world's most influential people. Growth of this exclusive market has great momentum, yet the service to owners is often not commensurate with the value of their assets.

OneOcean launched in 2014 setting a new industry benchmark for the marine industry with an offer of luxury services and facilities. In addition we have a team of experts at hand to advise clients and provide an exceptional experience during negotiations, in build phase and throughout the lifespan of the yacht. OneOcean was conceived by Salamanca Group, owners of the newly transformed superyacht marina, OneOcean Port Vell, and private members' OneOcean Club in Barcelona. OneOcean offers a fresh approach combining Salamanca Group's 13 years' experience supporting Ultra High Net Worth Individuals with experience of the yachting industry.

L: 41°22′34″N / L: 002°11′12″E "The Owners and crew really enjoyed our first taste of the new OneOcean Port Vell. Sailing around the globe as we do, this has to be one of the best marinas in the world. The service is superb, facilities second to none and it's centrally located in the heart of one of Europe's best cities with everything you require to satisfy every taste - it is hard to beat. On top of this, there is MB'92 next-door with all their engineering support and fast mainland communications links we found Port Vell to be a great 'homeport'.

We will be back!" Captain of 90-metre **S/Y ATHENA**

"We had a great visit as always, OneOcean Port Vell is our 1st choice in the Med! The facility is great but the team is even better, 1st class wonderful people."

Captain of 57-metre M/Y LARISA

"I just wanted to say thank you for taking such good care of us this last eight months, the marina itself, the staff, facilities, security personnel and location are the best in Europe. Nothing was ever a problem and your complete understanding of some of the various superyacht management aspects were much appreciated"
"I remember a time (90's) when I would have to work very hard to persuade my crew to stay in Barcelona and now all we are thinking about is having a good summer and getting back as soon as possible to OneOcean Port Vell, so good work."

Captain of 55-metre M/Y ILLUSION

"Barcelona is a natural choice for me to base my motoryacht and crew in such a cosmopolitan city and super facility"
